PROFESSIONAL EXPERIENCE

Web Developer Intern

Digitafy

Jan 2026 – Apr 2026

Dhaka, Bangladesh

- Built and maintained client-facing web applications using HTML, CSS, JavaScript, and Python/Django.
- Collaborated with the team to ship assigned features on schedule, following version control and code review practices using Git and GitHub.

PROJECTS

Onggoshree – Skincare E-Commerce Mobile App

React Native (Expo), Node.js, Express, MongoDB

Jul 2026

GitHub | Android APK

- Built a full-stack mobile e-commerce app with a React Native (Expo) client and a Node.js/Express/MongoDB REST API, including server-verified pricing and stock and a Skin AI product recommendation flow.
- Secured authentication with JWT, bcrypt, and Google Sign-In; implemented a Glow Club loyalty system with point accrual, tiers, and reward redemption.
- Built a role-gated admin panel and transactional email notifications with Nodemailer; built and distributed the Android APK using Expo EAS.

RoktoDan BD – Blood Donor & Recipient Platform

Django, HTML5, CSS3, Render

Sep 2025

[Live Site](#)

- Built a full-stack platform connecting blood donors and recipients, owning the work from database design through live deployment.
- Implemented role-based authentication for donor and recipient flows, real-time donor search, and profile management.

Catch The Eggs – OpenGL Arcade Game

C++, OpenGL (freeGLUT)

Apr 2026

[GitHub](#)

- Built a 2D arcade game with real-time rendering, collision detection, and particle effects.
- Implemented a full game-state flow (menu, play, pause, game over) and a live HUD.
